

InTech Collegiate High School

MegaBots FIRST Robotics Team #2993

1787 N. Research Parkway

North Logan, UT 84341

435-753-7377

Dear Prospective Sponsor:

InTech Collegiate High School, Cache Valley's only FRC team, is preparing for the 2010 season of FIRST Robotics Challenge (FRC). FIRST (For Inspiration & Recognition of Science & Technology) is dedicated to providing today's youth a program that creates interest and greater understanding of science, technology, engineering and math (STEM) concepts through exciting, hands-on competitions.

This is the first year for a regional competition in Utah. The FRC regional will be held at the Huntsman Center at University of Utah March 19th - 21st. Fortunately, we have been provided a \$5000 grant to pay for registration and our Kit of Parts. However, we still need funding for additional materials to build the robot as well as for travel, lodging and meal expenses during the competition.

We will be having a fundraiser dinner and auction at the Riverwoods Convention Center in Logan on Friday February 5th. The dinner will be catered by the Elements restaurant and the tickets are only \$18 per plate. We have made preparations for 500 guests. The dinner will be followed by an auction. This is where your assistance is requested. Your company can help us by providing funds in the form of a grant or by donating goods and services. The in-kind donations will be auctioned off to the highest bidder with the proceeds benefitting the team.

InTech Collegiate High School is a non-profit public high school. A copy of our tax-exempt certificate is attached. The EIN has been blacked out, but will be provided upon donation of goods, services or money through a donation receipt. In addition to a tax deductible receipt, your company will also be recognized as a sponsor* of MegaBots in all team announcements and have a company logo placed on the robot as an advertising "Thank You" to our sponsors.

Thank you in advance for your support.

Sincerely,

James Baker jbaker@intechchs.org
